

Spazzle with Handle - 24 inch

Description

Our 24 Inch Spazzle complete with 5ft Handle provides a versatile, ready-to-use tool for sweeping, scrubbing, and cleaning large areas with efficiency. Designed for heavy-duty site applications, it is ideal for use on construction sites, civil engineering projects, utilities maintenance, and traffic management areas. The durable bristles and robust head allow effective removal of dirt, dust, and debris, while the long handle provides excellent reach and control for professional site teams.

Features

- Supplied complete with handle and 24 Inch head ready for immediate use.
- Durable bristles for efficient sweeping, scrubbing, and debris removal.
- Strong, impact-resistant head for long-lasting performance on tough surfaces.
- Ergonomic handle for comfortable handling during extended use.
- Ideal for construction sites, civil engineering projects, utilities, and traffic management areas.
- Versatile application for smooth or rough surfaces and indoor or outdoor environments.
- 24 Inch head width for maximum coverage.
- 5ft handle for extended reach and precise control.
